by MAX GOODWIN

Indignation is still high in San Diego concerning the jailing of 44 Americans, all victims of a Mexican dragnet in a gambling parlor last month at Rosarito Beach in Baja California.

None, we are happy to report, was from Lemon Grove or Spring Valley.

Federal Judge Martinez set bail at \$1,600 cash each, a week after the raid and some of the Americans were sprung. Immediately, a cry went up for the United States government to do something about the inordinately high bail for a comparatively minor charge.

Some complaints erroneously compared the Mexican crime of participating in gambling with seemingly-condoned sins of prostitution and dope peddling which runs rife in the Tijuana and Rosarito Beach areas, it is said. Prostitutes and dope peddlers, they point out, feel abused when either gets as much as thirty days in the pokey for selling his or her wares.

Baja California is not our country. As much as we dislike the manner by which Mexican law is enforced we have no legal or moral right to resist it. Comparing gambling penalties with those given to dope peddlers or prostitutes is of no moment either. Even by American standards of jurisprudence one type of law-breaking does not change the penalty schedule on the other.

Participating in gambling is a felony in Mexico. Those arrested at Rosarito Beach were breaking Mexican law.

This may appear unreasonable to the Yankee logical mind since betting on horses, dogs, and jai alai players is not illegal by Mexican standards. Neither is participating in the national pool, a device which separates many Mexican poor from hard-earned pesos and which gives the ticket holder slim chances of winning. However, the same yardstick of logic by which Americans are repulsed by the treatment given their otherwise innocent gambling brethren at the hands of the Mexican police might, become a yardstick of logic he can use when he gets an urge to cross the International border.

Mexicans have no law by which citizens are forced to visit Baja California.

They're redrafting the laws regarding juvenile lawbreakers in Sacramento but sadly enough, they're talking about laws which will make the enforcement agencies' jobs more convenient.

The governor's special study commission filed an interim report this week asking for additional time to get the job done but noting at the same time that far-reaching "advances" have been made by their study.

The "advances," according to the report, are apparently aimed at sharing the work load more evenly among juvenile court judges so that some judges will not continue to be inconvenienced.

The report acknowledges a frightful lack of equality in the way juvenile cases are handled, admitting that disposition of cases seem to depend on the location of the community rather than on the offense.

The report, finally, takes a look at the juvenile himself and opines: "There is extensive use of detention, much of which appears unnecessary."

The governor's special study committee could take the first step toward stemming the growing juvenile crime rate if they would recommend less "spare the rod" attitude.

I sincerely wish some committee had gumption enough to recommend a couple of solid whacks across the posterior of most juvenile offenders without the officer facing the threat of a civil suit.

Many youngsters accept the doctrine at home of "reward and punishment" but rise to the challenge offered by the clumsy bureaucracy called the Probation Department as a sort of game. Additionally, the department offers them personal attention. This makes the youngster feel important. Not so with a solid blow in the rear.

In the day of my youth the cop on the beat solved many juvenile problems by taking the youngster into the alley and reaching a good understanding from the back.

They've tried everything else in California. Juvenile offenses grow. Sharp pressure, properly applied, may be the answer.

## John Tom Warburton Honored

MAN-OF-THE-YEAR — John Tom Warburton, Grossmont High School principal who was named "Principal of the Year" last month by Crofts Publications of New London, Connecticut, was guest of honor last week at a banquet in the Grossmont cafeteria.

Warburton is fondly remembered for his service to Lemon Grove as assistant principal at Helix High School from 1950 to 1953. During this time he headed up the March of Dimes drive, obtaining a record-breaking \$5,000 from Lemon Grove; he was president of the Lemon Grove Kiwanis Club, and he gave a start to the present Lemon Grove Swimming Pool Association.

Pictured with Warburton is Jean Creelman, GHS physical education teacher who helped sponsor him for the honor. She presented the award to him.

Also taking part in the ceremony was John Escher of the publications firm which makes the award annually following nationwide competition.

Warburton will also be honored Saturday in Philadelphia where he will be presented at the national convention of the National Association of Secondary Principals.

## Grossmont Students Improve Reading By 53% In School's New Laboratory

Grossmont High School students who have worked 20 days in the school's new laboratory have gone up an average of 53 percent in reading rate and an average of 6 percent in comprehension, according to the director of the reading lab, Mrs. Leone Finalle. One student improved reading comprehension by 82 percent, and one ninth grade girl, on the 13th day of work, read 5,400 words per minute with 100 percent comprehension.

All Grossmonters will spend 20 days in the reading laboratory this year for training, and all freshmen will be so scheduled in succeeding years. The lab is equipped with private booths, each with its own light, books, tests, and an electric machine which measures the student's reading rate. Mrs. Finalle says the students do not compete against each other but each one competes against himself and the machine. Material read and the tests which follow each passage are designed especially for such clinical teaching.

Up to the end of December, 479 students had gone through the reading lab, and 165 freshmen are studying there now. Highest reading rate improvement was made by a student who

## Griffen Reelected To HID Board

Harry Griffen, incumbent, was returned to the board of the Helix Irrigation District by Division 3 voters in an election Tuesday which brought out less than a thousand voters.

Griffen received 430 votes. Captain Jesse E. Lee, USN (ret.), got 361 and Lamont Brand, a retired Civil Service employee, acquired 56 votes.

The three precincts in Lemon Grove which comprise Division 3 recorded votes for each of the contenders as follows:

Vista La Mesa	117
Monterey Heights	171
Junior High	192
Lee	
Vista La Mesa	80
Monterey Heights	28
Junior High	136
Brand	
Vista La Mesa	13
Monterey Heights	15
Junior High	28

In Division 1 of the district, Mrs. Mabel P. Bryan, a housewife of 9325 DeCamp street, La Mesa, was elected to succeed George Fisher, who did not run for reelection.

She defeated James Curto, a realtor of El Cajon, who got 150 votes. Mrs. Bryan got 258 to become the first woman to be a director in the district's 46-year history.

## Fly Action Tabled By Supervisors

SAN DIEGO (CNS) — The ordinance that the county Board of Supervisors ordered prepared to put "teeth" in the control of fly-breeding blamed on chicken ranches, isn't getting very far, Dr. J. B. Askew, county health officer, reported Tuesday to Supervisors.

Askew made his report in connection with a complaint from Mrs. Leo E. Custeau, Lemon Grove, who asked the board why she hadn't heard anything about the new ordinance. It was the protest made by Mrs. Custeau and her neighbors that started the work on a new ordinance.

Askew last year said his department couldn't do anything about flies in poultry ranches because the law did not provide any way to penalize offenders.

An ordinance that would give the county Health Department such power was ordered, with the aid of poultrymen, but Askew reported to the board Tuesday that "meetings with representatives of the Poultry Association have produced no appreciable results at this time."

Askew also indicated that he hoped a state report on flies in the Lakeside, Solana Beach and Cardiff areas would help get some action from the poultry people.

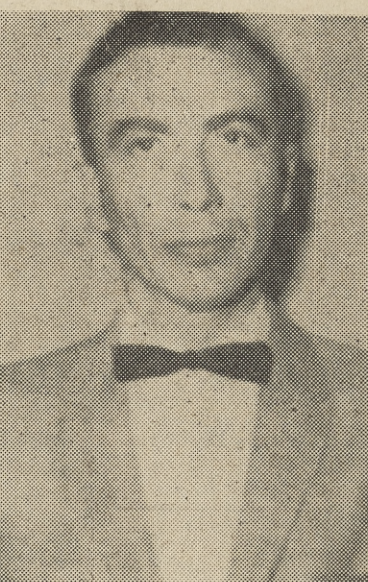

The state report, which resulted from studies in both winter and summer periods, said poultry ranches showed sanitation precautions were "generally low."

Board members took no action on Askew's report, on Mrs. Custeau's letter or the state reports of fly conditions. They voted to file all three items.

## Firemen Plagued By Grass Fires

Grass fires were responsible for three of four "runs" made since January 29 by the Lemon Grove Fire Department. Grass fire "runs" were made on January 29, to 2319 Main street, on January 31, to 8084 Imperial avenue, when burning grass and trash was left unattended, and on February 2, to Murray Hill, north of the railroad tracks off Rojo Tierra, when a half-acre burned after somebody deliberately ignited the grass and fled.

The other call made by firemen was to 3801 Harris street when electrical parts of a television set ignited and caused approximately \$70 in damage.

ADMITTED TO STATE BAR—Andrew H. Rehberger, who lives at 8118 Baldwin road in Lemon Grove, was admitted to the practice of law before the state courts of California last month.

He was admitted on January 14 at a session of the Supreme Court at Los Angeles. A week later he was admitted to practice before the Federal Courts of the Southern District of California in a ceremony in the court of Hon. Judge James Carter. The latter ceremony was sponsored by the Barristers Club of San Diego.

Rehberger obtained a degree in law at the University of Wisconsin and was admitted to the bar in that state in 1949. He has opened his law office at 2139 Fifth avenue in San Diego in association with the firm of Casey, McClanahan and Christensen.

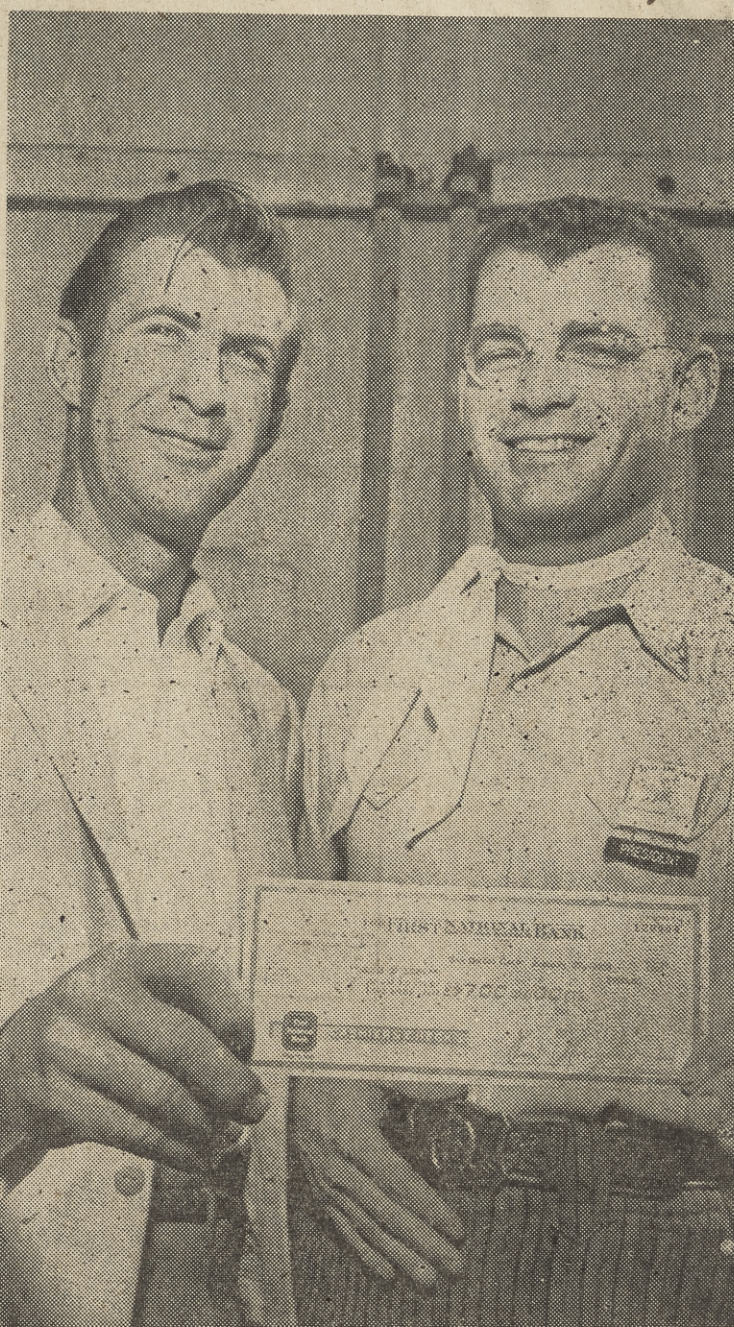

Rehberger is married, has a daughter in junior high school here, and has a son 2 1/2-years old.

## March Of Dimes Gets \$700

## San Diego To Annex 132 So. LG Acres

The major landowner of a 132-acre tract between Encanto and Lemon Grove, east of Imperial avenue, has asked the City of San Diego to annex the property. The city has filed a notice of proposal to annex it.

The property is owned, in part, by the Hale Co., builders, 1777 West Lincoln avenue, Anaheim, California.

The San Diego City Clerk's office said a hearing would be held on March 10. If there are no major objectors an ordinance will be introduced for the annexation. The ordinance will be adopted March 17 and it will become effective 31 days from its adoption.

The property involved extends from the San Diego City boundary on the south of the property to Nixon street, alongside Monterey Heights.

## Lot Annexed To Sanitation District

SAN DIEGO (CNS) — A lot owned by Ernest E. Dewey was approved for annexation to the Lemon Grove Sanitation District Tuesday by the county Board of Supervisors.

The lot measures 50 by 200 feet.

## Feed Store Burglarized Fifth Time

The Jamacha Junction Feed store on Highway 94 was burglarized for the fifth time within two years the night of January 24. Ted Brown, owner, said several tires and an adding machine were missing.

A sheriff's report, from the El Cajon office, stated the burglary was committed about 11:30 p.m. Deputy Sheriffs R. Witter and Jim Moore, cruising in their patrol car near the store, arrested six sailors who admitted burglarizing not only the feed store, but the Mobile service station at Potrero on the same night. In their possession were candy and gum, taken from the service station, and four tires and the adding machine taken from the feed store, as well as a pry bar believed used in entering.

The sailors also admitted burglarizing the feed store a year ago. Arrested were Billy Ray Little of Ream Field; Larry Joe Burnworth of Ream Field; John A. Bryan of Ream Field; Arlen Reid Walters of Naval Air Station, North Island; William Samuel Kares and John Edwin Schockney, both of Ream Field. Kares and Schockney were released. The other four are out on bail at \$500 each.

Little, Bryan, Burnworth and Walters were arraigned in El Cajon court January 28 and their preliminary hearing date was set for March.

The vocational course is held at Grossmont Hospital for 12 months (1760 hours). Students attend six hours a day for the first semester and eight hours for the second semester.

The present class received caps on January 29. About 42 applicants are being screened for the program in the class opening February 9. Twenty can be accepted.

## INCOME TAX FAX

This series, dealing with income tax problems, was compiled by the Society of California Accountants and will appear in this newspaper until April 15, deadline for filing income tax returns. It is presented as a public service to readers by the Society of California Accountants and this newspaper.

Do you have reimbursed expenses paid to you by your employer on a per diem basis and on a fixed mileage basis for your car expenses? If so, this regulation may help you. If you can qualify, you do not have to report this reimbursement as income or detail the expenses on your income tax return.

An extensive study has been made of the rates of mileage allowance and per diem allowances in lieu of subsistence paid employees by a substantial number of employers, including states and municipalities, and the method of accounting for these allowances required of the employees by such employers. On the basis of this study, it has been determined that an employee who pays or incurs ordinary and necessary business expenses for travel (including meals and lodging) and transportation for which he is paid by his employer a fixed mileage allowance or a per diem allowance in lieu of subsistence at rates not in excess of 125 percent of the rates authorized to be paid by the Federal Government in the locality in which the travel is performed, will be deemed to have been required to account to his employer for such expenses for purposes of such regulations.

The maximum mileage allowance on a fixed scale authorized to be paid by the federal government for use of a personal automobile on official travel is 10 cents per mile and the maximum per diem allowance on a fixed scale in lieu of subsistence authorized to be paid while traveling within the continental United States is \$12 per day. Accordingly, it is held that for purposes of section 1.162-17(b) of the Income Tax Regulations, an employee will be deemed to have been required to account to his employer in cases where the rates of mileage allowance or per diem allowance in lieu of subsistence paid by the employer are not in excess of 12½ cents per mile and \$15 per day, respectively.

**RETIREES**—Mrs. Irma Sears, secretary to Grossmont High School District Superintendent Lewis F. Smith and the Grossmont High School Board of Trustees, has announced her retirement after 21 years with the District. A resident of Chicago, Illinois, until 1932 when she and her family moved to La Mesa, Mrs. Sears was bookkeeper and secretary at the LA MESA SCOUT until 1938 when she came to Grossmont.

At that time, Carl B. Quicksall was principal at Grossmont and the school district population was 600. After Mr. Quicksall's retirement, Mrs. Sears remained as secretary to Lewis F. Smith, the principal, and when Mr. Smith became district superintendent in 1952, Mrs. Sears kept her position as his secretary.

For 18 years, Mrs. Sears has also served as the secretary to the Board of Trustees, attending all meetings.

"The Grossmont District is losing one of the finest school secretaries through Mrs. Sears' retirement. She has assumed huge, rush loads with a high degree of skill and with eagerness to serve," Lew Smith said.

Mrs. Sears is looking forward to her retirement and says that she plans to have fun traveling and spoiling her five grandchildren.

## FLASH!

A circular we got in the morning mail announced that this year marks the thirtieth anniversary of the invention of the flashbulb. Imagine that. The circular also revealed that the first flashbulb picture in this country was taken of President Herbert Hoover.

How many flash pictures have been taken since then? Your guess is as good as ours. But the right answer is somewhere in the billions. And plenty more flash pictures will be added to the grand total with Valentine's Day parties coming next weekend.

Which reminds us. Got enough Kodak film and flashbulbs to catch all the fun that will be popping?

Better come in and stock up before it slips your mind. And when you do come in ask us to show you two new ideas in flashholders. One is the Kodak Rotary Flashholder. It lets you load six flashbulbs at a time so you can shoot a half dozen snapshots in quick order without having to stop to change bulbs.

The other new idea is Kodak's Generator Flashholder which works without batteries. An ingenious little generator is built right into this unit. All you do is give the generator wheel a half turn and you generate enough "juice" to fire your bulb. Clever? You bet it is. See it in action yourself. Soon.

## School Programs To Be Given In Children's Dental Health Week

Bill Parker, president of the Lemon Grove Chamber of Commerce, yesterday proclaimed the week of February 8-14 Children's Dental Health Week in Lemon Grove. The week is being observed in communities throughout the nation as a reminder to parents and children of the importance of taking proper care of the teeth.

In his proclamation, Parker pointed out that "early preventive measures can protect children from a large part of the dental diseases, especially tooth decay, that affect more than 95 percent of our people."

Dr. R. Swenson, 7624 Pacific, Lemon Grove-Spring Valley chair-

man for Dental Health Week, said tips on dental health will be a featured part of classroom teaching in local schools next week.

He said the special week is being sponsored throughout the county by the San Diego County Dental Society and added, "These are the main points that dentistry is trying to get across:

## ATTEND CHURCH THIS SUNDAY

The coming of Jesus into the world was the world's greatest event. Long was He sought for by the multitudes and when He came He was accepted by some and rejected by others. Those who came singing of "Peace on Earth, Good Will Toward Men" and others bringing their gifts of Gold, Frankincense and Myrrh have been long remembered while others who rejected Him have remained silent and have become anonymous.

## College Grove Center Gets Permits

The largest single permit ever issued by the East San Diego branch of the city Inspection Department was granted last week to College Grove Associates, covering construction of the new \$14 million College Grove Shopping Center. Cost of the permit was \$6,669.50.

James C. Michaelsen of John Graham and Company, architectural and engineering firm of Seattle and New York who designed the center, turned over the check to Frank Cimmino of the city Inspection branch office. George A. Scott of the Walker Scott Company, one of the major lessees of the shopping center, witnessed the transaction.

College Grove Center, first regional shopping center in San Diego County, is located on a 70-acre tract at the intersection of College Avenue and Freeway Route 94.

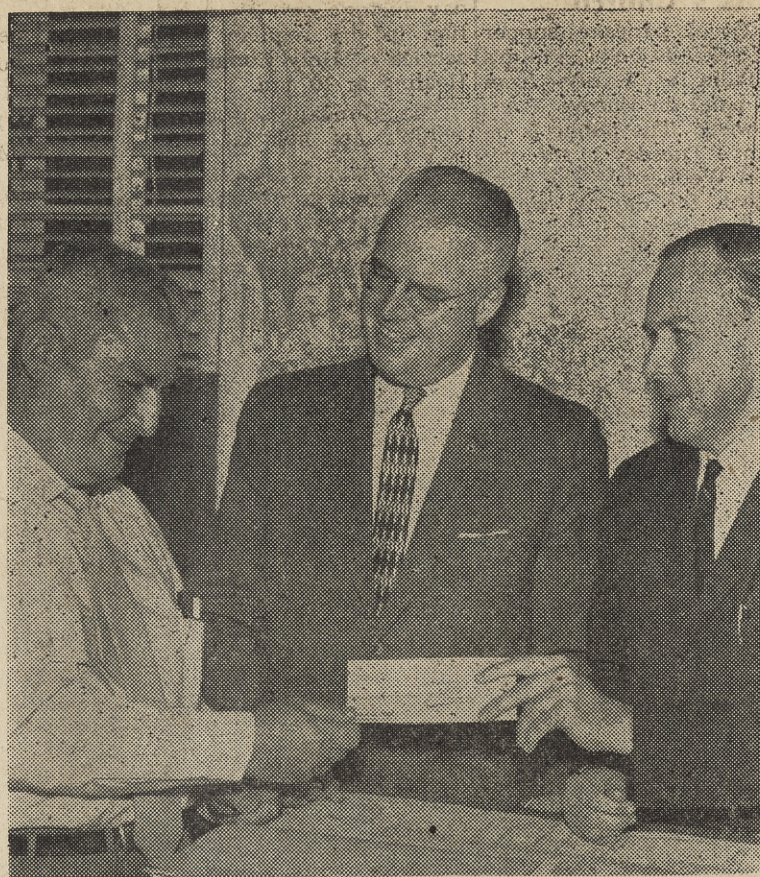

Construction is already underway. Subcontractors' offices have been erected, and the site has taken on the appearance of a small city in itself, Michaelsen said. A batch mixing plant has been erected, and the area is heavily stockpiled with materials. The center is expected to open in spring, 1960.

Ground was broken last April and almost a million cubic-yards of dirt were moved to level the hillside tract.

The M. H. Golden Construction Company of San Diego and L. E. Dixon Construction Company of Los Angeles, bidding jointly, were awarded the general construction contract earlier this month.

Many innovations are planned for the center, including outdoor escalators, electric carillon, chapel and air conditioning throughout.

The Phillip Lyon Company, leasing agent, already has made lease commitments on over 80 percent of the center.

PERMITS ISSUED—Frank Cimmino, left, of the East San Diego branch of the city Inspection Department, is shown receiving check for \$6,669.50, covering cost of permit for new multi-million dollar College Grove Shopping Center from James C. Michaelsen, right, of John Graham and Company, designers of the center. George A. Scott, president of Walker Scott Company and a major lessee, witnesses the transaction.

## Sheriff Wants More Reserves In SV-LG Area

San Diego Sheriff's Reserves are opening another class for trainees and men are particularly needed in the Lemon Grove-Spring Valley areas.

The men chosen will undergo a training program beginning February 17, according to Sheriff Bert Strand.

Strand said reserves had expended a total of 33,684 hours during 1958, at a tremendous savings to taxpayers. Reserves draw no pay and must provide their own uniforms and weapons.

Reserves serve as Sheriff's Deputies during emergencies, for parade control, for fire and search assignments and for patrol car duty.

Men who wish to acquire additional information may call Lt. Quentin Cash, Sheriff's Department Training Officer at BE 3-0121.

Man was created to be in fellowship with God. This is where he belongs. Anything which is not in the place where it belongs is lost. When man is not in fellowship with God, he is lost. There is no middle ground. A man is either a child of God or he is lost.

## Lemon Grove Missionary Tells Of Life In Peru

Miss Dorothy Sandfort, daughter of Mrs. Gertrude Sandfort, 8027 Darryl street, Lemon Grove, has just returned home from Peru, where she has been a Methodist missionary for the past 10 years. She is the principal of an all-girl Methodist sponsored high school in Huancayo, Peru.

Miss Sandfort

Miss Sandfort received her Bachelor of Science degree from the University of Nebraska. Later she taught elementary and high schools for six years. Following this teaching experience, she attended Scarritt College for Christian workers in Nashville, Tennessee, where she received her Master's degree in the Bible.

Upon being appointed to Peru, she attended a six-month course in language in Medellin, Colombia.

### STATE TAX FORMS MAILED TO BOSSES

State Controller Alan Cranston, chairman of the franchise tax board, has announced that information return forms have been mailed to all employers who filed last year or who have recently requested forms 599 and 596.

Employers who paid \$2,000 or more to a single person or \$3,500 or more to a married person during 1958 are required to file form 599 to report payments to the state.

Forms, and information concerning them, may be obtained from the franchise tax board, 1025 P street, Sacramento, 14.

From there she was sent to Lima, Peru, where she taught school, both elementary and high school, for five years. Following a year's furlough in the United States, she returned to Lima where she again taught for three more years. She was then appointed to the girl's school as principal where she teaches the Spanish language.

She states that in Peru, religion is a required subject and all schools, regardless of financial support, are subject to government regulations covering education.

Huancayo, she said, is accessible by car or train through the 15,600 feet mountains. If you are not accustomed to the altitude, you may have "soroche" (mountain sickness), Miss Sandfort relates.

"Huancayo is the principal city of the province," she continued. "The climate is in reverse of ours, the winter months being June, July and August. They have no snow but sometimes have hail. There is a glacier about three hours from the city."

"Huancayo is about 10,000 feet above sea level."

"The natives of the country hold a market day on Sunday to present their wares for sale, including cloth, jewelry, etc. The ladies from the villages always carry a baby on their backs and if they do not have a baby, they will carry their belongings on their backs in the same manner."

"At the present time, there is a great financial division between the people. They are extremely wealthy or extremely poor. However, the middle class is beginning to emerge and with the help of education things will become more equal," Miss Sandfort concluded.

## Pancake Supper Set Shrove Tuesday At St. Philip's Church

A traditional pancake supper will be held at St. Philip's Church, Palm at Hardy, from 5:30 to 8 p.m., on Shrove Tuesday next week. The public is invited. Shrove Tuesday is the day before Ash Wednesday, the first "shrift" or confession was made in preparation for the great fast. Shrove Tuesday is called Mardi gras, "Fat Tuesday," in French, in allusion to the fat ox which is ceremoniously paraded through the streets. The Germans know it as Fastendienstag. It is celebrated in Catholic countries as the last day of the carnival, with merrymaking. In England, the eating of pancakes alone survives as a social custom, the day having been called at one time "Pancake Tuesday."

Beginning on Ash Wednesday, February 11 at 7:30 p.m., there will be a short service of evening prayer at St. Philip's, followed by Bible study and discussion.

# Boy Scout Week To Be Celebrated Nationwide

The annual window display contest will also be featured during the week. Over 300 store windows will be carrying displays by Cub Packs, Boy Scout Troops and Explorer Units, telling the story of scouting.

Boy Scout Sunday will be observed Sunday, February 8, in many churches with Scouts and leaders attending services in uniform. Those of Jewish faith will hold their observances in synagogues and temples Friday evening and Saturday.

This anniversary stresses the Boy Scout Week, marking the 49th anniversary of the organi-

zation in America, will be observed Saturday through Friday, February 13.

San Diego County Council's nearly 22,000 Scouts will join with the nation's more than 3½ million Scouts in celebrating the event.

"Boy Scout Week activities," says George Bean, city manager of San Diego and county-wide Boy Scout Week chairman, "will show each community the value of Scouting as a program for boys and young men."

Many activities are planned. The final year of the Four-Year Program, "Onward for God and My Country" will be launched during this anniversary, Chairman Bean said.

Among the Week's highlights will be the annual City-County Day, February 10. Scouts who received their Eagle or Silver Awards during the past year will report to city and county officials in special ceremonies at Civic Center in San Diego.

"Scout is friendly" part of the Scout Law each member takes. There will be parents night meetings, unit reunions, dinners recognizing new Eagle Scouts, exhibits of Scout handicraft, observances in school assemblies, observances of honor at which Scouts will be honored for their accomplishments, and visits by Scouts to industrial plants and military installations.

**GIRL SCOUTS**  
 The Girl Scout and Brownie troops of Lemon Grove will participate in the annual Swimming Pool Carnival held in Lemon Grove May 22 and 23. The girls will take charge of the fish pond booth and the troops are now making craft items and collecting costume jewelry, comic books and other items for the booth. Each girl is expected to turn in at least 12 articles.

A monetary prize will be awarded the troop turning in the most items. Items should be turned in to Mrs. E. E. Cavallin, 7551 Church street, or you may call Mrs. Cavallin at HO 6-6514.  
 With Miss Maurine Fritz of Spring Valley, as Miss Cookie of 1959, the San Diego county Girl Scouts will have their annual cookie sale February 7-23. Their goal for this year is 400,000 boxes. The cookies will sell for 50 cents a box. Out of that 50 cents, the Girl Scout Council of San Diego county receives 22 cents. This money goes toward upkeep of their program. Three cents of the 50 cents goes into the treasury of the individual Girl Scout troop.

The cookies will be sold door-to-door at neighborhood booths and in commercial booths.  
 One V.I.P. card will be given to each girl selling 36 boxes. A "gold cookie" charm will be given to the top Brownie, intermediate and senior Girl Scout in each neighborhood who sells the greatest number of cookies over 100 boxes.

District cookie coordinator for District 10, which includes Lemon Grove and Spring Valley, will be Mrs. Robert Davy of 2065 Eldora, Lemon Grove. Her phone number is HO 6-2557.  
 The annual meeting of the San Diego Council of Girl Scouts was held January 2 at the Naval Training Center, San Diego. There were 950 adult scouts who attended.

Maurine Fritz, "Miss Cookie," 3307 Helix street, Spring Valley, led the flag salute and gave a brief acknowledgement of the

Maurine Fritz

honor bestowed upon her in being chosen Miss Cookie of 1959. She pledged her support to the cookie fund-raising campaign so that present and future Girl Scouts will have increased building facilities available for scouting activities.

Any girls who wish to attend the Girl Scout established camp in the Cuyamaca mountains, may purchase stamps at 10 cents each from Mrs. Thelma Puterbaugh, HO 6-0441. For further information, call Mrs. Puterbaugh.

**DANCER ESCAPES HAVANA BOMBING**

A nick-of-time departure from Havana saved the lives of the celebrated Spanish dancer, Jose Greco, and his dynamic Spanish Ballet Company, who will dance in two San Diego performances at 8:30 p.m. Feb. 28 and 2:30 p.m., March 1, in Russ Auditorium.  
 The night after Greco's departure, the Casino de Capri, where Greco's troupe had been entertaining, was bombed out of existence.
